JavaScript, TypeScript, React, Redux, HTML5, CSS3, SASS, Tailwind, Bootstrap

- **Backend technologies::**
Node.js, Express.js, ASP.NET, RESTful APIs, Authentifizierung (JWT, Session)

- **Program Languages:**
VB.NET, C#.NET, Python

- **Version Control:** Git, GitHub

🗛 SPRACHEN

German: Intermediate (B1-B2)

English: Advanced (C1)

Persian: Native

💼 WORK EXPERIENCE

FULLSTACKENTWICKLERIN   FEB 2024 – JETZT

As a **freelancer**, I have enhanced my programming skills through personal projects and by learning new technologies such as **TypeScript**.

SOFTWARE DEVELOPER   FEB 2023 – JUL 2024

BMZ Germany GmbH – Karlstein am Main, Germany

- Embedded C programming in Eclipse for gateway and BMS systems.
- Extracted data from over 200 C and header files using Python and prepared it for analysis and development.
- Performed gateway and bus tests (CAN) using Vector CANoe.

FULL-STACK DEVELOPER   Apr 2016- APR 2019

Modiriat Tarah Samaneh (MTS), Tehran, Iran

- Development of office automation and data management systems using C#, VB.NET, JavaScript, and SQL Server.
- Database design, stored procedures, process automation, and reporting with Crystal Reports.
- Software testing, debugging, and optimization, as well as teamwork following Agile/Scrum methodologies.

FULL-STACK DEVELOPER   Apr 2010 – Nov 2011

Farayande Sabze Pakan Company (FSP), Tehran, Iran

- Development of web and desktop applications for industrial clients using C#, VB.NET, ASP.NET, SQL, JavaScript, AJAX, and HTML/CSS.
- Database design, stored procedures, process automation, and reporting with Microsoft RDLC and Crystal Reports.
- Software testing, debugging, and optimization to ensure stable and efficient systems.

🎓 EDUCATION

TU Kaiserslautern Universität, Kaiserslautern, Deutschland

M.Sc. Informatik   **Apr 2020 – Sep 2022**

Completed three semesters (40 ECTS) in a Master's program with a focus on project management.

Azad University, Science and Research Branch, Gilan, Iran

M.Sc. Computer Software Engineering   **Feb 2013 – Feb 2015**

Master's thesis: Image processing.

Azad University, Lahijan, Iran

B.Sc. Computer Software Engineering   **Sep 2004 – Feb 2009**

Bachelor's thesis: Implementation of an institute location using SQL and ASP.NET.
